

## Funding to Improve the Provision of Physical Education and Sport in School

### PE Sport Grant Financial Year 2017-18

<b>Number of pupils and PE Sport Grant (PESG) received</b>	
Total number of pupils on roll (F2-Y2)	192
Total number of pupils eligible for (PESG)	124
<b>Total amount of PESG received</b>	<b>£17,240</b>

#### **Purpose of the Sport Premium Grant**

The government is providing 150 million per annum until 2020 to provide new, substantial primary school sport funding. This funding is provided by the Departments for Education, Health and Culture, Media and Sport. The funding is going directly to primary schools to spend on improving the quality of sport and PE for all of their children. The funding is ring fenced and therefore can only be spent on provision of PE and sport in school. Schools must spend the funding to improve the quality of the PE and sport activities they offer their pupils, but they are free to choose the best way of using the money.

The allocations are calculated using the criteria below:

Schools with 16 or fewer eligible pupils receive £1,000 per pupil.

Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil.

#### **Aims of the SPG at Thurcroft Infant School**

Using the Primary PE and School Sport Premium, the Youth Sport Trust believes it is possible to transform schools through:

- Every primary school teacher professionally developed to help children become physically literate by the time they leave primary school.
- Closing the gender and disability gap which sees girls and children with disabilities much less likely to participate in school sport.
- All coaches working in after-school sport to have been professionally trained in how to coach children as well as how to coach sport, with the introduction of nationally recognised training and standards for coaching children.
- Two hours of PE on the curriculum at every primary school with a focus on sporting activities as a vehicle for self-development. This should maximise the

potential of PE and school sport to improve children's performance in the classroom as well as their physical, social and emotional wellbeing.

· An Active School action plan for every school ensuring 30 active minutes per day for every pupil through active travel, active playgrounds and active classrooms.

Therefore, our objectives for this academic year are:

· To make use of a PE specialist over a sustained period of time, available to all children.

· To provide CPD for teachers to deliver PE lessons confidently.

· To increase the offer of after school clubs.

· To take part in local sports festivals and/or competitions.

· To sustain the children's interest in PE and understanding of how to lead a healthy life.

· To provide greater structure to break/lunchtimes with more children participating in physical exercise activities.

#### **How the SPG is spent at Thurcroft Infant School**

- £12,000 for supply and delivery of a coaching timetable and after school sports clubs
- £625 to subscribe to the Wales School Sports Partnership
- £4,500 to redevelop the trim trail area in the playground
- £500 to replenish outdoor playground equipment

#### **Provision in place during 2017-2018**

- A high quality PE specialist to teach a range of PE sessions throughout the year.
- Providing CPD for staff within school in order to facilitate high quality PE throughout school.  
CPD has been included in the weekly timetable, where classroom staff team teach with the PE specialists to develop their knowledge and understanding of teaching PE.
- Every class to receive 1 session per week by the specialist.
- Providing cross-curricular links with Literacy and Numeracy within EYFS and KS1.
- Encouraging healthy lifestyles e.g. providing children with free fruit and enabling children to independently make healthy choices at lunchtime.
- Teaching children a variety of individual and team based physical activities including gymnastics, football, fundamental skills, dance, basketball, athletics, rounders and cricket.
- Termly assessments of each class will be provided to track progress.
- PE specialist to run after school sports clubs. The sport offered changes each half term to gain participation from a wider audience of children than usual and to sustain interest. Sports offered include football,

cricket, trampolining, gymnastics etc .

- After school planning of club changes each year to ensure children will continue to be interested and motivated to attend.
- The specialist, together with the PE subject leader plans an overview of the school year to ensure variety of sport/skills and development (the funding will hopefully allow this to be more sustainable and ensure continuity).
- Funding used to enable travel to and from competitions and festivals to allow children to be involved in as many events as possible, particularly competitions against other children and schools.
- The trim trail will encourage a large number of children to be active during playtime and lunchtime.
